

# Call for Proposals: bSIDE6 Gallery

What do you want to do with 910sf of **FREE** gallery space for one month?

2010 July 7th Portland Oregon

For Immediate Release

**cityscope** is looking for proposals for the bSIDE6 gallery space on the corner of **SE 6th and Burnside**. The installation will run from **August 5th through August 31st** and will be open to the public during the **August 6th First Friday**.

**WE GIVE YOU**

- 910sf secure corner space with heavy car and pedestrian traffic
- one month installation duration
- vinyl lettering on windows for project title, description and contact information
- exposure on our website
- announcement to our mailing list, local media and other arts organizations
- a keg for First Friday opening

**YOU GIVE US**

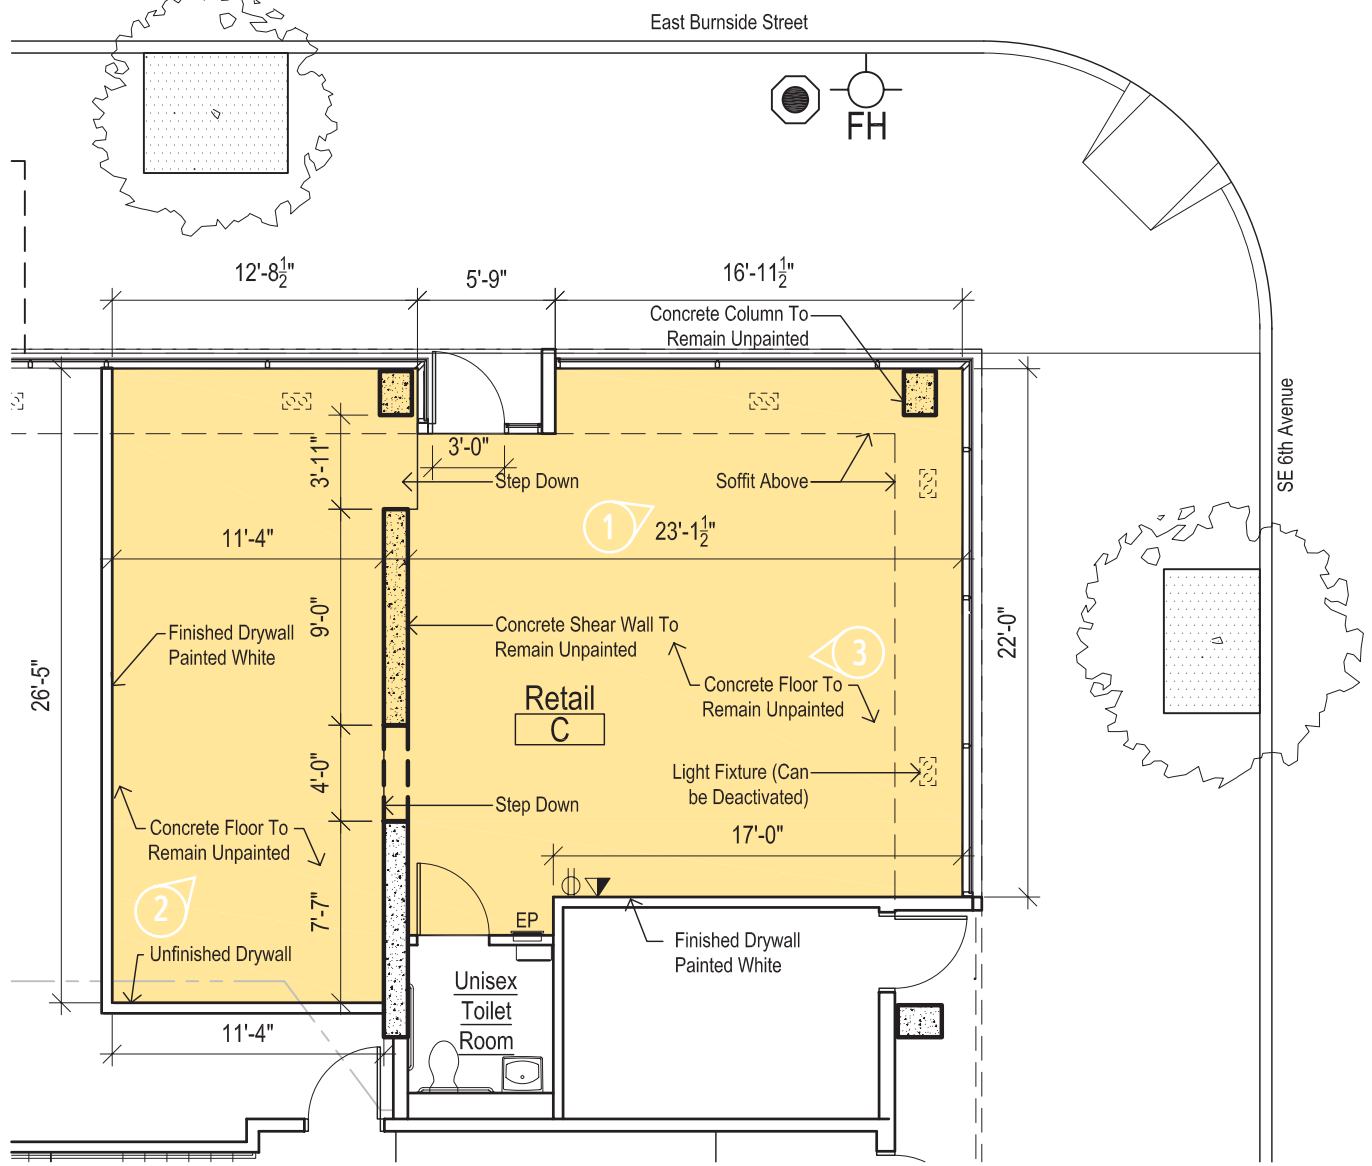

- a kick-ass installation that is engaging by both day and night
- 910sf space in the same condition you found it
- documentation of your work for our website and records

Your proposal should be a **one page PDF** with a brief bio and relevant images, sketches and text regarding your proposal. Please consider the **public exposure of the space** throughout all hours of the day and the fact that there will be **no physical access from outside by the general public** (except during the First Friday opening). The timeline is fairly short so please consider the **feasibility of your proposal including set up and tear down within this timeline**. Attached you will find a **space plan and photos** for use in your proposal and/or reference.

Please send your proposals and questions to [info@projectcityscope.org](mailto:info@projectcityscope.org) by July 28th. The selected proposer will be notified on July 30th and given access to the space on August 1st.

**cityscope** operates as a platform to introduce and facilitate alternative and innovative strategies for diversifying and enriching our urban environment. **cityscope** brings the design community and general public together for the open exchange of ideas, information and experiences via collaborations that result in events, urban interventions and public installations. **cityscope** provides the forum for the inquiry, participation and awareness of new and underused ideas and opportunities towards a thoughtful urban evolution in Portland, Oregon, and beyond.
